COMMUNITY

Welcome To The Neighborhood, Lake County Historical Society

If you've recently seen a little more activity than normal at the County Home it might be due to the fact that our school district, and Riverside High School in particular, has a new neighbor.

On March 9, the Lake County Historical Society was the sole bidder at an auction held by the Painesville Township Local Schools for the building that has sat on top of the hill for more than 150 years, along with the eight acres immediately surrounding the three-story landmark. The accepted bid was for \$266,000.

The District owns the remaining 38 acres of property surrounding the home from its May 2005 purchase.

At the time of the auction, School Board president Tom Trombley stated, "We're ecstatic that we

found the partner that we did in the Historical Society. The last thing we wanted to do was to tear it down. It's such a synergistic fit between them and us."

It's inevitable, with the proximity between the District and the Historical Society, that a number of programs will be created in the future to take advantage of the combined educational resources.

"This is going to be a totally new experience for us to be that close to a school," Mark Welch, president of the Historical Society's Board of Directors, said soon after the auction. "Hopefully, we'll be able to do so much more one on one with the Riverside school right there, and the Riverside school system."

The mission of the Lake County Historical Society is to collect, preserve, interpret and present the history and the heritage of Lake County, Ohio.

The Historical Society's new home is approximately three to four times the size of their previous location in Kirtland Hills and will be used for a museum, collection and storage.

For further information about our new neighbor, visit www.lakehistory.org.
