4. **Old Business** – Mrs. Grassi asked for input from the table about what the new classrooms at Riverview will be used for so that the additional operating costs associated with the additional classrooms can be accounted for in the Five-Year Forecast. Possibilities are housing Preschool there and moving a Special Education unit back to Riverview. Dr. Rateno said the construction timeline is a big unknown in moving the classrooms. Mr. Keeney talked about the CTE project and the two options for the size of the addition. Dr. Rateno said that TDA Architects and the Owner's Representative are scheduled to make a presentation at the December meeting on the plans for the two options.

5. **New Business** – None

6. **Board of Education Committee and Liaison Reports**

- A. Lori Krenisky – Superintendent's Business Advisory Liaison – The Business Advisory Council met on November 7. They split into groups to develop ideas for the different grade levels to get them career ready. For example, Mrs. Krenisky is in the group working on a senior capstone project. These ideas will tie into the Portrait of a Beaver.
- B. Denise Brewster – Curriculum and Programming Committee; Facilities Liaison – The Curriculum and Programming Committee met on November 14. They discussed what is happening in grades 7-10 around aligning electives with the Auburn Career Center Pathways. Professional Development days on November 4 and 5 highlights were personalized learning, Wit and Wisdom reading program, an AI presentation, de-escalation techniques, and MTSS starting at the high school. They talked about the partnership with Painesville City. They recognized Mrs. Lanning for her work on the review of IDEA money and the district achieved the highest rating of 4 for the 22-23 school year. No facilities update.
- C. Scott Fishel - Buildings & Grounds/Operations Committee; Alumni Association Liaison – The Buildings and Grounds Committee met in November. They talked about repairs throughout the district. The curtain divider has been installed in the LaMuth gym. Fencing around the retention ponds at Riverview and Parkside should be installed in December or January. Maintenance has the snowblowers and salt ready for winter, and mowers and other lawn equipment have been serviced and stored for spring. They talked about the CTE addition. No Alumni update.
- D. Belinda Grassi - Policy Committee; Legislative Liaison – The Policy Committee met on November 18. New policies are in the packet for review. There was a request to have the Oath of Office match

Ohio Revised Code. Board Handbook changes have been passed out for review and feedback is requested by December 13. Dr. Rateno is providing all board members with a copy of Robert's Rules of Order. No Legislative update.

7. **Superintendent's Report** – Dr. Rateno talked about the Financing District Levy that was passed in November. He said each school held a breakfast, luncheon, or assembly for Veteran's Day. Riverside Campus, LaMuth Middle School, Melridge Elementary, and Parkside Elementary all received the Award for Best Schools from U.S. News. On November 11, seven seniors signed their letter of intent to continue their academic and athletic careers in college. The senior appreciation dinner and play presentation were held this evening. Over 200 seniors signed up to attend. The play *Death by Chocolate* will also be performed on November 22 and 23. District wide Community Kindness Day will be held on November 26. The policy is being updated for substitute teacher requirements. ESC services and options were discussed. Mr. Platko presented the preliminary Five-Year Forecast. No Booster update.
 - B. Mr. Platko reviewed the October financial report. He gave the Five-Year Forecast presentation.
9. **Public Participation**
 - A. Public Comment

A Leroy Township resident thanked Mrs. Bartholomew and Mrs. Cavell for their work on the Veterans Day assembly at the high school. He said it is very unfortunate that Mr. Fishel is trying to run a three-person board and exclude Mrs. Grassi and Mrs. Krenisky. He said what they are discussing for the CTE addition does not make sense. They are not accounting for the cost of things like mechanicals and interior design. He said they seem to be in rush to spend money on the addition and are completely ignoring the addition to LaMuth and improvements to Buckeye and Melridge that the community is asking for.

- 15. Board of Education Update** – Mrs. Brewster said she attended the OSBA conference. The trade show gave her to opportunity to see the latest in air conditioning, furniture and other services. She saw presentations on a variety of topics. She plans on summarizing the presentations and will share them with the appropriate administrators.

16. Work Session

- A. Work session for the Board of Education to discuss the process of sending out email communications to the public regarding the progress, planning, and direction of the Board of Education.

Mrs. Grassi stated that she thought this work session would occur prior to another communication being passed. There should be a conversation surrounding the process and procedure to follow – rotating the person putting out the communication, allowing for input, and time for review from the administrators, legal counsel, and proofreading for spelling and grammar. Mrs. Krenisky suggested that Mr. Carrabine put together a summary of the board meeting, send it to the board for review, then send it out to the public. She is concerned that what is being sent is not factual, or is what one person sees as factual. Mr. Fishel said he would like to make a motion to indefinitely postpone any discussion of board communication.

Motion: Fishel

Second: Keeney

Discussion: There was a question if a vote could be taken during a work session. Mr. Seed said that this type of motion is acceptable because the board is not taking any action. Mrs. Grassi wanted to clarify that indefinitely postponing discussion means that the communication will be put on the agenda each month without ever discussing the process.

- B. Work session for the Board of Education to review and discuss a draft facilities plan.

File Attachment:

Draft Facilities Plan 2025-2035.pdf (5,142 KB)

Dr. Rateno presented a draft facilities plan that he created using a variety of feedback from stakeholders and current Board of Education initiatives. He broke the plan into two five-year segments. Segment I addresses existing facilities conditions and current work in progress throughout the district. Segment II addresses secondary school needs and revisioning the Campus, including a new secondary building. He presented ideas on how to fund each segment including a PI levy and a bond issue. There was some discussion around the timeline and the Buckeye design. Mrs. Grassi was concerned about the money being spent on the Riverview addition. Dr. Rateno said the Buckeye addition would be done, but slower because of the financial situation. Mr. Platko said that Mr. Prcela will be at the December meeting to talk about funding and borrowing options. Mrs. Krenisky asked if the board could send feedback on the plan. Dr. Rateno said yes and he would include the feedback in the final document.
