The Riverside Local School District and its members, officials, employees, agents, etc., considers your child's (children's) photograph / image to be "directory information" and may utilize, release, and/or publish your child's photograph / image or school work product in school publications / video tapings. This includes but is not limited to, yearbooks, student newspapers, the Annual Report, the Pipeline newsletter or other district publications such as athletic programs, play or music programs, the District website (including the Student Services site), the District's cable channel, District press releases and/or the District's social media pages.

I understand that students are sometimes photographed/videotaped in a larger group where it is not practical to verify permission from each student's parents. For example, students may be photographed in a class picture and/or group setting or filmed during concerts or during school related events such as a science fair. In these circumstances, all students may be photographed or videotaped because it is not practical to remove one or two students from the camera's angle. In such situations, student names will be used only if identified by the director / teacher during the live taping or if the student is a featured performer.
