## District Facilities

### UPDATE

## What is next for our schools?

In May of 2023, the Board of Education approved a resolution to hire Bialosky and Partners Architects, LLC to provide the District with a facility condition assessment for Buckeye Elementary, Melridge Elementary, LaMuth Middle School and Riverside Campus. Throughout the course of the past few months, Bialosky conducted

an extensive review of these buildings to determine the condition of major architectural, structural, mechanical and electrical systems as well as to document any deficiencies identified and to prioritize critical needs to address moving forward.

On December 4, 2023, Bialosky presented their findings to the Board of Education at a Work Session. The Board

and District administration will now work through how to best move forward as our goal is to update our facilities to current standards while being fiscally responsible. This will require a new Facilities Plan with professional and community involvement. Please stay tuned for more information.

You can see the facility assessments and cost matrix for each building [HERE](#).
